EDUCATION

B.E | Information Science and Engineering **|** SJB Institute of Technology, **VTU |** Bengaluru	**2023-2025	CGPA 8.01**
Diploma | Mechanical Engineering **|** Government Polytechnic, Chintamani **|** DTE	**2017-2020	Percentage 82.3%**
SSLC (10th) | BEML Comp. Junior Collage **|** KGF	**2017	Percentage 82.72%**

SKILLS

Frameworks/Tools: React JS, Spring Boot, GitHub.

Programming Languages [Intermediate Level]: HTML, CSS, Java, JavaScript, and SQL.

Soft Skills: Leadership, Teamwork, Problem-Solving, Communication, Fast Learner.

PROJECTS

AI-Hub with Essential Tool | *Main project*

- Developed a desktop-based **AI productivity hub** integrating tools like currency converter, YouTube downloader, image enhancer, background remover, and PDF-to-Word converter into a single platform to boost user convenience.
- Used **Python** with **Tkinter** for GUI, **OpenCV** for image processing, and **NLP libraries** for intelligent text-based features.
- Focused on delivering a user-friendly interface that improves daily tool accessibility and performance.
- Resulted in a **40% increase in productivity** among student users through centralized and easy access to essential utilities.

Smart-Resume Analyzer | *Mini Project*

- Built an **AI-powered web app** using **Python**, **Streamlit**, **MySQL** and **NLP** to deliver real-time analysis and feedback.
- Automated resume parsing and **candidate ranking** based on job title, reducing manual screening time.
- Leveraged **JSON** for structured data exchange and deployed user-friendly web pages with Streamlit.
- Enhanced **matching accuracy** for recruiters and improved efficiency in shortlisting candidates.

INTERNSHIP EXPERIENCE

Intern - Java Full Stack Developer

Scontinent Technologies Pvt Ltd | January 2025 - May 2025

- Developed a **Student Data Management System** using **Java Full Stack technologies** – Spring Boot, React.js, MySQL, and RESTful APIs – enabling performance tracking, analytics, and testing features.
- Gained practical experience in **end-to-end web application development**, including front-end design, back-end logic, database integration, and API consumption.
- Contributed to Sam.AI by analyzing its architecture and AI-driven personalized learning features.

EXPERIENCE

Associate Engineer - CNC Programmer and Operator

Amphenol Interconnect India Pvt Ltd | September 2021 – February 2023

- Programmed and operated **CNC machines** using **G-code** and **CAM software** to manufacture high-precision mechanical components as per engineering specifications.
- Interpreted **technical and engineering** drawings and performed quality checks using instruments such as calipers and micrometers and ensured products met the **ISO standards**.
- Coordinated with cross-functional teams to resolve machining issues and ensure ISO compliance.

ACHIVEMENTS

Sports [Kabaddi]

Represented SJBIT / 2023 & 2024 State level VTU

- Represented collage kabaddi team at the **VTU State Level** by winning the South Zone Level for two consecutive years.

CERTIFICATES

- **Fundamentals of Java Programming -** Board Infinity (**Coursera**) **|** Feb 2025 (View Certificate)
- **Java Programming –** NPTEL | January – April 2025
- **TCS iON Career Edge- Young Professional -** TCS iON **|** April 2025 (Cert ID: 240640-28094753-1016**)**

HUBBIES

- **Competitive Sports** • **Travel & Photography** • **Listening to music**
